Overlook Industries, Inc. believes that the future of liquid packaging lies in the flexibility and efficiency of single use technology. Our line of innovative single use products are anchored by our patent pending OneShot™ single use filler needles. The combination of plastic hub and stainless steel tubing allows our customers to experience the freedom of disposability while still retaining the utmost level of filling speed, precision and accuracy that our custom stainless tips provide.

Variety of Custom OneShot™ Needles and Machine-specific Change Parts
