FEATURED PRODUCTS **Overlook Industries, Inc.**

Overlook Industries specializes in designing and fabricating custom filler needles, nozzles and dispensing tips. They also design and fabricate washer needles for cleaning and sterilization units and tunnels, and design products for unique application and requirements.

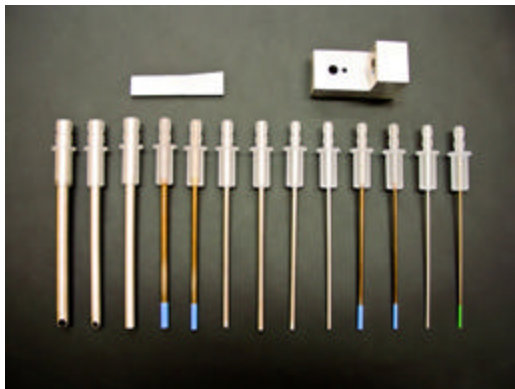

Overlook Industries can eliminate the problems associated with OEM needles by creating new needles for specific problem applications. They consider all factors; dispense volume and speed, viscosity, solid content, etc., when designing a needle that maximizes production.

Overlook can provide direct OEM replacement filler needles for the following brands of machinery:

- Bausch + Ströebel / BASCO
- BOC Edwards / Calumatic
- Bosch / TL
- Capmatic
- Chase-Logeman
- Cozzoli
- Flexicon
- Groninger
- Ima
- Inova
- Mar
- Marchesini / Corima
- M&O Perry
- National Instrument

Single Use Technology

Overlook Industries, Inc. is excited to introduce a new line of single use products, anchored by their patent pending [OneShot™ single-use filler needles](#). These filler needles employ many commonly used plastics in conjunction with 316L stainless steel tubing. The combination of plastic and stainless steel allows customers the freedom of disposability while still retaining the utmost level of filling speed, precision and accuracy that their custom stainless parts provide

**Variety of Custom OneShot™
Needles and Machine-specific
Change Parts**

**OneShot™ Needles with
AMCX2286 "Rainbow"
Coating**

**OneShot™ Coax Needle
with Teflon-coated Fluid
Path**

**Jaco-style OneShot™
Coax Needle with Teflon-
coated Fluid Path**

**OneShot™ Needle with
Silicone O-Ring**

**Machine-specific
Change Parts**

**OneShot™ Micro tips
with Upchurch Fittings**

**Machine-specific
OneShot™ Needles**

Benefits Associated with Overlook

OneShot™ Single Use Filler Needles:

Revenue-Focused:

Achieve line process and changeover in record time.

Asset-Focused: Reduce inventory costs with JIT delivery.

Process-Focused:

Needles are fully customizable, from hub design to product specific dispensing geometries.

Service-Focused: Kits arrive custom labeled, pre-packaged and can be sterilized per requirements

Overlook Freedom Filler Kits™

Overlook Industries, Inc. believes that the future of liquid packaging lies in the flexibility to adapt to ever changing product and customer demands. Overlook Freedom Filler Kits™ embody a fifteen year heritage of maximizing productivity, while providing the ultimate in customization and flexibility. Overlook Freedom Filler Kits™ include all components of the fluid path and arrive cleaned, multiple bagged and gamma sterilized per customer requirements

Molded Kits: 1.2mm ID
platinum-cured silicone
Tubing.
